Sheffield International College

Kazakhstan

Foundation Certificate in Science and Engineering

"I am really happy with my decision to study at Sheffield International College and am grateful to everyone who advised and supported me to come here.

"I was impressed at how friendly the staff were when I arrived at the college. The teachers make lessons interesting, explain things very well and always try to involve every student in the class. I am confident that I am making good progress and am proud of what I have achieved so far.

"I came to the UK because a British education is prestigious all over the world. A degree from the University of Sheffield would be very valuable to my future career. Studying at Sheffield International College has changed my life and I have started a new, exciting stage in my life."
